## SAYS CITY HAS PLENTY OF FIRE HOSE; NO DANGER

Visiting Insurance Man Notes  
Increase in Efficiency of  
Local Apparatus

"Honolulu with her three miles of fire hose is better protected against risk of conflagration from breakage of her water mains by earthquake than my city, San Francisco, was when our mains were broken in 200 places by the tremor of 1906," said William Sexton, veteran insurance man of San Francisco, at a luncheon given Monday in honor of himself, William Conly and J. L. Fuller by representative local insurance agents. In view of the fact that Oahu has never been subject to dangerous earthquakes, tourists here need not be alarmed over the prospect of a possible tremor, as no mains have ever been broken here from this cause.

"I was in Honolulu 30 years ago," added Mr. Sexton, who is one of the Bay City's big insurance men, "and you had a volunteer fire department then. I certainly must say that your fire apparatus has kept progress with the growth of your city."

Mr. Fuller said he had been here 15 years ago. He also expressed himself as very agreeably surprised at the way Honolulu had grown, both commercially and as a city of homes.

The luncheon was given at the Alexander Young Hotel, with 26 of Honolulu's leading insurance men present. It was a very pleasant affair, given on the eve of the departure of the three big mainland insurance men for the coast. They left on the Great Northern Tuesday and the Matsonia yesterday morning.

## OPIUM CHARGE STOUTLY DENIED BY O. NORDMANN

Oscar Nordmann, baggage steward of the steamer Sonoma, stoutly denied that he is guilty of smuggling opium into Honolulu when his case was given a hearing by United States Commissioner George S. Curry yesterday afternoon. Nordmann was arrested with Yee Mun Wai, a local Chinese, the charge being that they had knowledge of the contents of a trunk of opium brought ashore here. Commissioner Curry has continued the hearing until May 2, when the Sonoma will again be in port, in order to take the testimony of several of the ship's waiters.

## HONOLULU ASTONISHED BY SIMPLE MIXTURE

Honolulu people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler-ika acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The Hollister Drug Company—Adv.

## ALLEN TRACT TO BE FIRST 'ALL- CONCRETE' WORK

Engineer J. L. Young to Begin  
Work Monday on Large  
Contract

Closing a contract yesterday afternoon with the Waterhouse Trust Company, J. L. Young, the contracting engineer, on Monday will begin a notable piece of local improvement work—the paving, sidewalk, curbing and water main and sewer installation throughout the entire Allen tract, at Kewalo and Wilder streets.

The paving will be entirely of concrete, and it is believed that this tract will soon stand as the first "all-concrete improvement job" of any material size in the city.

The streets will be 24 feet wide, with paving and parking strip, and sewer and water mains so planned and installed that the concrete will never have to be torn up for changes or extensions. Connections will be laid for every possible consumer. The concrete paving, over whose possibilities the contractor is enthusiastic, will be five inches in thickness.

It is expected that the work will be complete in 30 days.

## BIG SALE NOW IN FULL SWING

Are you taking advantage of the big extension sale now going on at the store of Yee Chan & Co.? This large Oriental firm recently has made great changes in its facilities for handling its increasing Honolulu business—adding an entire new floor and a basement shoe department to its already extensive establishment.

## SHRINERS WIRELESS BACK THEIR ALOHAS

Shriners who visited Honolulu in company with Imperial Potentate J. Putnam Stevens yesterday sent a number of radiograms to local Shriners expressing their thanks for the reception here. Imperial Potentate Stevens wireless: "All Shriners and ladies who accompanied me on my official visit to your oasis join me in extending to Aloha Temple our heartfelt thanks. Your unbounded hospitality has made a lasting impression on each one of us. Our sweetest thoughts go back to you and our prayer is that God may shower you and every member of your good temple with his richest blessings."

Cases of 12 children and 144 animals were investigated by Mrs. I. Elgin, acting humane officer, according to a report submitted by her at a meeting of the Humane Society yesterday.

## To the School Children of Honolulu CUT OUT THIS COUPON

Fill in the blank spaces below and have your mother or father sign it. This entitles you to one free admission to the Paramount Travel Pictures at the Liberty Theater, Friday afternoon at 3 p. m.
